FROM EDITOR

'Hi, people!' – this is how all youth magazines welcomed their young readers in the 1990s! Since many of us grew up at that time, we came up with an idea – why don't we return the time of our youth? Welcome to 'Ruki Vverh! The Bar'. It is a place that combines a bar, a restaurant, a club and a time machine at the same time! 'Ruki Vverh! The Bar' will take you into the atmosphere of the 90s. It was the time when the band 'Ruki Vverh' sounded not only from every radio but from every 'Biryusa' fridge, Chinese thermos, Japanese hair dryer and game console 'Dendy'. It was the time when the chewing gum 'Love is...' was reusable, and the colored powders 'Yupi' and 'Zuko' dissolving in water became exquisite drinks. 'Ruki Vverh! The Bar' gives you the opportunity to remember all the most interesting things from the past decade: music and movies, fashion, the first game consoles, chewing gums and much more. In 'Ruki Vverh! The Bar' you can not only dive in the atmosphere of the 90s but also take a piece of it with you!

A huge range of products, goods and clothing from that time are exclusively presented in 'Ruki Vverh! The Bar'.

This is a pleasant place in every sense where you can have a good time with your friends, family and loved ones. Enjoy your stay! We are waiting for you at any time!
